Pure Inspiration

Spa Alila believes in all things natural, whether it be the Alila Living products or organic spa ingredients that complement our treatment range.

Our carrier massage oils are a pure blend of virgin coconut, sweet almond, kukui nut and wheat germ oils, rich in healing, nutritive and aromatherapeutic qualities.

Virgin coconut oil is a truly unrefined coconut oil which we source from villages in East Bali, where fresh coconut is shredded then cold-pressed to make coconut milk, fermented then separated and filtered. Virgin coconut oil has a much longer shelf life than most other carrier oils due to its natural antioxidant properties and is best applied directly to the skin for moisturising and conditioning.

Sweet almond oil is an excellent scent-free carrier oil for aromatherapy essential oils and is also remedial in the treatment of itching, inflammation and dryness. Rich in minerals and antioxidants, with proteins and vitamins D and E, sweet almond oil is often referred to in naturopathy as the queen of all carrier oils.

Mother-to-be and nut-free oils are also available at Spa Alila.

Massage

At Spa Alila, we draw on the benefits of a range of Asian and European massage techniques that can be tailored to your personal wellness needs. Allow our spa host to help you select the appropriate massage therapy and oils to suit your condition.

Balinese Massage

Feel tension dissolve with this ancient Balinese healing therapy that combines gentle stretching, long therapeutic strokes and skin rolling to relieve muscle pain. Palm and thumb pressure techniques are also applied to unravel the deepest stress from within the muscles to improve blood flow and joint mobility.

Therapeutic Massage

Experience a complete body awakening with a combination of therapeutic massage techniques using fluent strokes of different depths and intensity. Long Balinese strokes improve lymphatic drainage and circulation. Swedish deep tissue techniques work into muscles to relieve tension and stiffness. Acupressure points are used for specific stimulation, while Thai movements add elements of stretching to increase mobility.

Reflexology

Reflexology is based on the principle that energy flows freely around the body when we are in good health and that there are reflex areas on the feet that correspond to every part of the body, including major organs. Sit back and relax as your therapist applies varying degrees of pressure to specific points on the feet with thumb and fingers to unblock energy flow and promote the body's natural healing from within.

Warm Stone

The therapeutic power of touch combines with the energy of the earth in this muscle relaxing massage. After our signature foot bath, smooth, heated river stones are used in rhythmic flowing strokes over the body to melt tension and soothe emotions. The stones are also placed on various energy points to stimulate the body's natural healing potential.

Shirodhara

This 5000-year-old Indian therapy is physically rejuvenating, mentally refreshing, and just pure heaven. Experience perfect calmness and tranquillity as a stream of specially blended, warmed medicated oils is poured softly onto the third eye transporting your mind and body into a state of deep relaxation. Shirodhara deeply relaxes the nervous system, lowers metabolism, integrates brain function and induces mood stability. This dreamy treatment begins with an Ayurvedic pressure massage to melt away tension and stress.

Pregnancy Massage

Enjoy relief from the physical and emotional demands of pregnancy. This gentle, non-invasive approach to massage will ease your discomfort, reduce swelling and help lower stress. Feel yourself slip into a state of calm relaxation as our skilled therapist uses a lighter touch, concentrating on those areas most vulnerable to changes in your body.

Children's Massage

A gentle and nurturing massage therapy dedicated to your little one's health, well-being and development, featuring a citrus bubble foot bath and gentle coconut oil massage. Treatment may assist with pain reduction, anxiety, gastric problems and sleep patterns. But most of all, it just feels like fun!

Hair and Scalp

Balinese Hair Cream Bath

A mind-melting, intensely hydrating crème hair bath with essential oils of rosemary, lavender and grapefruit combined with a nourishing base of coconut and cocoa butter. A clay-based mask is massaged into the hair and scalp then left to condition, strengthen and hydrate while pressure point massage and palm strokes soothe the neck and shoulders. A warm steam is applied to open pores followed by a cool rinse with our signature shampoo and conditioner – the finishing touch for a renewed healthy sheen.

Hands and Feet

Manicure

This indulgent spa manicure includes a stimulating hand scrub, soothing hand bath, relaxing hand massage and essential nail maintenance and grooming. Combinations of sea salt and lavender gently exfoliate, while shea butter and aloe nourish your skin. An infusion of cucumber seed and lemon essential oils provides an added layer of protection for the cuticles.

Pedicure

Treat your feet to the attention they deserve! This pampering spa pedicure includes an invigorating foot scrub, relaxing foot bath, foot massage and essential nail care. Exfoliates of sea salt and papaya smooth and buff your skin, while extracts of ginger and lemongrass fight bacteria to leave feet feeling as fresh as can be.

Balinese Beauty Ritual

Balinese lulur powder is an ancient village remedy originating from the rice farmers of Bali. It has been handed down through generations and is recognised as a traditional medicine, believed to help warm the body, relieve aching joints and help treat skin problems. Herbs of sandalwood, fennel seed, star anise, eaglewood and fenugreek create this powerful healing remedy. Treatment includes a 60-minute Balinese Massage, a traditional lulur body scrub, a skin-softening body mask and a brightening mini facial.
